RE: 2500 El Camino Affordable Housing

The League of Women Voters of Palo Alto urges you to approve the 2500 El Camino Development. This affordable mixed-use project, with 70 small one, two and three bedroom BMR units, is much needed in Palo Alto. The location has easy access to public transportation and is close to a variety of retail services. Funding affordable housing is particularly difficult. We are fortunate to have this development moving towards construction.

The League believes that affordable housing is a much needed asset to our community and is particularly pleased that this housing is centrally located where public transit and walking can reduce single vehicle use.

Please support the affordable housing development at 2500 El Camino.

Sincerely,

A handwritten signature in cursive script that reads "Mary Alice Thornton".
