What?

The LWVPA will host the annual Program Planning meeting on **January 27, 2018**, to gather member input, set our priorities and share our recommendations at the *National Convention* in Chicago in June 2018.

We need your input! Local and state Leagues meet and make program recommendations at this meeting. We review our past program plans and *determine issues for emphasis, advocacy and education* for the next period.

Why?

The program planning process is one of the most important ways we align our grassroots work with our priority issues and the League's mission on **national, state, county and local levels** to have the most impact.

Meeting Format: *Campaign for Making Democracy Work®*

- *Review, discuss & endorse current national program priorities* that support League positions in the area of voting rights, election reform, campaign finance and redistricting.
- *Review our existing positions and their impact on the campaign to make democracy work.* Gather member input and identify [LWV positions](#) we use in education & advocacy on local, county and Bay Area issues. This is *your* chance to say what issues we want LWV to prioritize, and what action to take.
