

Vol. XXIX No. VI  
April 2014

# The Palo Alto *VOTER*

The League of Women Voters of Palo Alto  
[www.lwvpaloalto.org](http://www.lwvpaloalto.org)

The next **Lunch with the League** will be on

## The 40-Year Vision for the Midpeninsula Regional Open Space District (MROSD)

**Speaker: Yoriko Kishimoto**  
MROSD Board Member, Ward 2

The League was influential in the initial formation of the MROSD 42 years ago. Since then, the district has greatly expanded and a new vision has been approved for the next 40 years. Come hear Ms. Kishimoto explain MROSD's vision for the future.

**Wednesday, April 16, 11:45 am - 1 pm**  
**Location: TBD**

Contact Phyllis Cassel for more information.

RSVP to [lwvpaoffice@gmail.com](mailto:lwvpaoffice@gmail.com) or call the office at (650) 903-0600.

We are trying to locate a larger place to hold the Lunch with League where lunch is available at a reasonable price. We really appreciate our time at Hobee's but seem to be outgrowing the space. Please watch for the announcement on our website and in our e-blasts.

## Call to LWVPA Annual Meeting!

**Speaker: Catherine Martineau - Executive Director of Canopy**  
**Saturday, May 10, 9:30 am - 12:00 pm**  
Garden Court Hotel, 520 Cowper Street, Palo Alto

LWVPA members will enjoy a light continental breakfast and

- Vote on the budget for 2014-15
- Elect officers, Directors and the Nominating Committee for 2014-15
- Adopt LWVPA Positions, Programs and Issues for Emphasis for 2014-15
- Provide directions to the new Board

Your annual Meeting Kit will be mailed to you in April.  
RSVP to [lwvpaoffice@gmail.com](mailto:lwvpaoffice@gmail.com) or call the office at 903-0600.

*The League is a broadly based, nonpartisan political organization that encourages informed and involved participation in government through voter service, and influences public policy through education and advocacy.*

## Message from our President

Each year March 1<sup>st</sup> kicks off **Women’s History Month** and I have to ask myself, “Will there come a time when women have arrived at a place where designating a month to honor our contributions is no longer necessary?”

Not in my lifetime. So for now our National League is celebrating with [lwe.org blog](http://lwe.org), **Twitter** #wmnhist and #WHM and **Facebook** offerings of the countless ways League members across America have participated with marches and advocacy on voting rights, healthcare, education, equal pay, gun control, immigration reform, environmental protections, immigration and so much more. Read some of these stories and reflect on the women in your life who helped and are helping make this a better world for all.

Recently I was reading about **online voter registration systems** in at least 21 states. This means that almost 50% of all eligible voters in the U.S. live in states that provide this easy and convenient way to register to vote.

Most of these state systems currently **leave out** a significant and important part of the population – citizens who don’t have a driver’s license or non-driver’s ID. The League is committed to working to remove this barrier so that all eligible voters can register **and** update their registration through online systems.

**In the State of California** it is possible to register to vote online with no driver’s license or ID card, but it requires an additional step of printing out and mailing your application to the County Registrar of Voters. Please see <https://rtv.sos.ca.gov/elections/register-to-vote/>. This form is available in nine languages.

When you register to vote online in California with your DMV license number, you must also use the same name (first, middle, last) that appears on your license, as the system uses your DMV license signature on the online Voter Registration form. About 750,000 people registered online in the 2012 election cycle, and even more should be added in 2014.

In the meantime we are still conducting **voter registration drives** in the local high schools and the Veterans Hospitals. **Please volunteer to help** with this work by contacting **Liza Taft** at 494-3146. See page 3 for more information.

Mary Alice Thornton

**LWVC California Leadership Council**  
May 17 - 10:00 am - May 18 - 3:00 pm  
Fairmont Hotel  
170 S Market St., San Jose, CA

## March Board Meeting Summary

At its March Board Meeting your board took the following actions:

- Accepted the February Minutes and Treasurer's Report.
- Unanimously ratified the EAC vote on the letter submitted by LWVPA to the City Council encouraging the implementation of a traffic demand management program (TDM).
- Voted to recommend the proposed 2014-2015 Budget which will be voted on by the membership at the Annual Meeting.
- Voted to recommend support of the LWVBA (League of Women Voters of the Bay Area) program priorities: "Water", and "Regional Planning on Climate Change Issues".
- Voted to recommend no new study at the local level, and to have three areas of emphasis. [Editor: see p. 5]

The board learned that:

- We have two new members and two reinstated members, bringing our membership total to 240.
- The Nominating Committee has identified people for most of the board positions with the exception of the President. The slate will be voted on at the Annual Meeting.
- The **Annual Meeting on May 10** will be held at the Garden Court Hotel. Our speaker will be Catherine Martineau, executive director of Canopy.
- Patty Lum, with the Palo Alto Police Department, will be the speaker at the March Lunch with League.
- League-a-Thon (LAT) is in full swing, calling non-members for contributions. We still need callers and clerks.
- Voter registration is being planned for the Palo Alto high schools.

*Submitted by Virginia Pirrotta, Secretary*

The board held a debriefing discussion on the excellent Moderator Training Workshop on February 8.

**What is League Program?** League Program consists of all the positions that have been studied in the past and reaffirmed at our annual meetings, any studies that our League approves by vote at an annual meeting, our principles and any areas of emphasis that we choose for the coming year.

**Program planning** is a **grass roots** process by which a local League determines what it would like the League to be acting upon in the next planning period. The LWVPA held a program planning meeting on January 25. Those attending reviewed our current LWVUS, LWV Bay Area, LWV Santa Clara County and our LWV Palo Alto League Programs.

Everyone was encouraged to review current program before coming to the program planning meeting. The recommendations from that day were reviewed again by the Board. In February, the Board voted on recommended Program for the **LWVUS** and the **LWV Bay Area** and forwarded these recommendations to those Leagues. Our voice will be heard by those boards, which will then make recommendations to the delegates for vote at their respective conventions.

Recommendations from the program planning day for our **local League Program** were considered at our March board meeting. Those recommendations are on **page 5** and will be voted upon at our Annual Meeting. **Please come to our Annual Meeting on May 10 and have a say in next year's League Program.**

*Submitted by Phyllis Cassel*

## Spring Voter Registration

Once again it is time to **register people so that they can vote in the Primary Election on June 3, 2014.**

On **Tuesday, April 22** and **Wednesday, April 23**, we will be at **Gunn High School** during the lunch hour. Still to be confirmed are **Tuesday, April 29**, and **Wednesday, April 30**, at **Palo Alto High School**.

During the first two weeks in May, we are planning to register people between 10 am and 2 pm at the Palo Alto and Menlo Park **Veterans Hospitals**. Later in the summer we will be providing Voter Registration forms after the **Naturalization Ceremony** in Santa Clara County.

**It is always exciting to register folks to vote.** Please let me know if you would like to join us. There will be an opportunity to learn how to do it before we start. It isn't difficult.

*Submitted by Liza Taft, 650-494-3146*

To link to the **websites in the VOTER**, you need to read this in a **PDF format on a computer**. Go to our website at [www.lwvpaloalto.org/VOTER.html](http://www.lwvpaloalto.org/VOTER.html) or email [bbpacker@comcast.net](mailto:bbpacker@comcast.net) to start receiving the **VOTER as a PDF via email.**

### LWVPA

**Housing Element 2015-2023:** LWVPA has been invited to participate in a Community Panel that will advise the City on the update to the Housing Element approved in 2013. **Doris Petersen** will represent LWVPA. The updates will include identification and possible recommendations for rezoning of sites for an increase of about 600 potential housing units. This next Element will last eight years. If it is not updated on schedule, the City will need to update it again in four years. Doris is also attending the Palo Alto Council Regional Housing Mandate Committee meetings.

**TDM, traffic and parking:** LWVPA spoke to the City Council on February 24 in support of the City's initiation of a **Traffic Demand Management (TDM)** program. City Council has approved initial funding of the exploration process. The Council is concerned that when the residential parking permit program (RPP) starts downtown in January 2015, there will be extensive confusion about parking. The goal is to have as many short-term programs in place as they can manage by that time. The three legs to mitigate these problems are:

1. the parking permit program for neighborhoods that want it;
2. an increase in parking supply such as a new garage, valet parking, a more effective parking permit program; and
3. implementation of a TDM program to reduce the demand for parking and traffic.

One of the proposals is to study setting up a Transportation Management Association (TMA) that will manage implementation and management of a TDM program.

**Sustainability:** Palo Alto has hired Gil Friend as its **chief sustainability officer**. His job is to help the various city departments find ways to use less energy and reduce the carbon footprint of the city.

**Cubberley:** The City held a public hearing on February 24, to discuss **lease arrangements with the Palo Alto School District** for Cubberley, Ventura and other related subjects. The lease is due to be renewed by December 2014. Basically, the City wants a long-enough lease that makes it worth the financial investment in repairs and upgrades to the facilities, and the City wants to eliminate the \$1.8 million paid to PAUSD to keep it from developing school sites. This money could then be used to pay for improvements to the facilities. The school district, at a subsequent meeting, was not happy with the potential loss of funds.

**Increase in TOT:** On March 3, City Council voted to place on the November ballot an increase in the **transient occupancy tax (TOT)** from 12% to 14%. The motion included making the construction of the public safety building a top priority on its infrastructure plan and funding it with Certificates of Participation (COPs). Funding for the public safety building will not go on the ballot. The current

list of infrastructure needs is different from the original Blue Ribbon Infrastructure Task Force 2011 report, mostly because of changes in the income sources available, readiness of projects and new needs that have been identified. The City Council Infrastructure Committee will review the proposed projects and reset project priorities and timelines based on a 14% TOT. This will come back to Council on consent calendar if all four members of the committee agree.

### LWV Santa Clara County Council

**Midpeninsula Regional Open Space District:** The district has completed a visioning plan for the next 40 years. A summary of the top 25 project areas and proposed improvements is available on the Midpeninsula Regional Open Space website <http://www.openspace.org/top25tour>. **Gretchen Hillard** has been following this issue for us.

**Proposed Bay Delta Conservation Plan (BDCP):** The LWV Santa Clara County held a public forum on the Proposed BDCP in San Jose on March 1. The Draft BDCP Plan and the draft EIR have been released. See <http://baydeltaconservationplan.com> and related articles at <http://www.sclaraco.ca.lwvnet.org/>.

**Caltrain:** The EIR for electrification of Caltrain has been released. See <http://www.caltrain.com/projectsplans>. Comments may be submitted until April 29, 2014.

**LWVUS:** LWVUS joined a letter to U.S. House members **opposing H.R. 3865**. This legislation would prohibit the Internal Revenue Service (IRS) from adopting revisions in the rules used to determine whether an organization is operating exclusively for the promotion of social welfare for purposes of tax code **Section 501(c)(4)**.

LWVUS submitted comments to the **Environmental Protection Agency (EPA) supporting the proposed standards for reducing carbon pollution from new power plants**. LWVUS said, "We stand in support of the updated proposal, and commend the EPA for continuing to seek public input on this historic regulation.

Taking steps to reduce the amount of carbon dioxide are essential to protect our children and future generations from the effects of climate change. LWVUS urges the EPA to go even further by limiting carbon pollution from existing power plants to achieve at least a 20 percent reduction below 1990 levels by 2020." <http://www.lwv.org/content/league-submits-comments-epa-regarding-carbon-pollution-standard-new-sources>

LWVUS filed a [merits brief](#) in the U.S. District Court in Kansas **supporting a decision by the Election Assistance Commission (EAC) to reject a request from Kansas and Arizona to require proof of citizenship with the national mail voter registration form**. See the [press release](#) on this hearing.

## The LWVPA Board Recommends the Following Local Program for 2014-15:

1. Continuation of all current LWVPA positions.
2. No new study

**Recommended LWVPA Program emphases** -- monitor, educate and take action, as appropriate, on:

1. **Baylands issues**, including but not limited to, the airport, possible anaerobic digester and flood control issues.
2. The **City of Palo Alto 2010-2020 Comprehensive Plan**, including environment, transportation and housing.
3. The implementation plans for the **Infrastructure Blue Ribbon Task Force Report 2011** "Catch-up, Keeping-up, and Moving Forward."
4. **Early childhood education 0-5** in collaboration with other Leagues.

### Recommended LWV Santa Clara County Program\*

Continuation of all current LWVPA positions for **Santa Clara County**.

\* *County Program is considered Local Program, but all five Leagues in the County must have identical wording for County-wide positions.*

The LWVPA detailed positions may be viewed on the LWVPA web site ([www.lwvpaloalto.org](http://www.lwvpaloalto.org))

### Not-recommended Programs

If a member or members of the LWVPA wish to submit a Program item for the 2014-15 year that is not listed here, it must be submitted, in writing, by March 27, 2014, to the LWVPA Board of Directors. It will then be listed as a **not-recommended Program proposal in the Annual Meeting Kit**. The not-recommended program proposal can be considered for inclusion in the Program by a majority vote of the members and adopted by a two-thirds vote of those present and voting at the Annual Meeting. **New Program recommendations that have not been included in the Annual Meeting Kit will not be considered at the Annual Meeting.**

## Why the Recommended 2014-15 Program

At our March Board meeting, we recommended that the members at our Annual Meeting **confirm all current LWVPA positions** and that there be **no new local studies** for the next year. The Board also recommended that the areas of emphasis be essentially the same as last year plus an additional emphasis on preschool 0-5 education.

In reviewing our current positions, all seem pertinent. Either we have acted on this position recently or we have been monitoring an elected body for its actions or non-action in that area or we would want to be able to act on this issue if it arose. The Board recommended that we keep all current positions.

There was no recommendation for a new study. This year we have been able to act as needed by applying both our current local positions and positions from other levels of the League.

The local areas of emphasis are similar to last year because these subjects are currently being considered.

The final draft of the Palo Alto Comprehensive Plan and its draft EIR have not yet been written. Community input is being sought for its vision, goals, policies and programs. The completion of the Plan is now set for December 2015. The last Housing Element was approved in August 2013, but the next one is due December 2014 with a possible delay of 4-6 months into 2015. If the Housing Element is completed in that time frame it will be eight years before it is reviewed again. If

it is not completed on time it must be redone in four years.

The implementation of the City's Infrastructure Task Force recommendations is a primary priority for City Council this year. A proposed 2% increase to transient occupancy tax (hotel tax) to fund the public safety building was approved by City Council in March and will go to the voters in November. An initial funding plan to meet this city infrastructure program was also approved in March. Some of those items will be funded by the transient occupancy tax. So all of these issues are current.

In the **Baylands**, the control of the airport is being transferred from the County to Palo Alto. The replacement of the incinerator at the Regional Water Quality Treatment Plant is being pursued and the possible use of an aerobic or anaerobic composting facility is still being considered. The municipal golf course is under renovation and the lower section of San Francisquito Creek will be reconstructed shortly. In addition, City Council is considering a park-and-ride area along Embarcadero and Geng Roads.

Preschool education for 0-5 year olds was added to the recommended program because several members at the program planning meeting felt this is an urgent need, we have the positions, and the issue is active in the state and federal legislatures.

*Submitted by Phyllis Cassel*

## Education Committee

The LWVPA Education Committee is growing. We will be having bimonthly meetings at Moldaw Residences. The **next meeting will be a luncheon on April 3 at noon.** We are also planning to meet with the Santa Clara County Department of Education regarding necessary county needs assessments and the current status of the costs and availability of space for children in the schools.

The Education Committee is addressing the current need, access and availability of early childhood services. Our plan is to work with other LWV Education Committees to develop a **power point presentation** that advocates for early education (birth to age 8) and is in alignment with the LWVC stated position(s) on early education. This presentation may be “localized” for regional, county, community, school district audiences. Topics would include:

- the importance of partnering with other organizations to develop a communications plan for building awareness and support for early education;
- the fact that not all children have access to quality early education;
- a summary of the number or percent of children not in quality early education programs;
- identification and a summary of the leading statewide initiatives and advocacy groups for early education;
- whether these programs would provide the enriched, quality early education programs that are needed.

## Eight-County Early Learning Forum

On February 21, the Santa Clara County Office of Education’s Early Education Local Planning Council (LPC) co-hosted a **legislative forum** as part of the Eight-County Early Care and Education Coalition. State legislators from across the Bay Area participated in an open dialogue about pending state legislation focused on early education, as well as the January State budget proposal and its impact on early care and education programs. More legislators participated in this year’s event, which was filled to capacity.

### Key Take-Aways:

- The forum demonstrated the increased interest and support for funding early education (birth to kindergarten) programs for low-income families. Both the State Senate and State Assembly are working on bills proposing ways to expand access to quality child care and preschool.
- The key message of **Ted Lempert, President of Children Now**, was that California and Governor Brown need to prioritize early education NOW. Our children can’t wait, he said. No further research on long- term benefits or best practices is needed. A sufficient number of pilot programs and longitudinal studies have shown the benefits of increased resilience, attendance, third-grade reading levels, etc.

## The 2014-15 State Budget: Child Care and Preschool Programs

We studied the Governor's budget proposals for the state's child care and preschool programs, specifically, the caseload and cost assumptions underlying the proposal. We found that the Governor’s budget likely overestimates caseload and underestimates per-child costs, leaving child care funding a few million dollars short of fully covering 2014-15 costs. Once additional data is released in April, the Legislature will be able to develop more accurate caseload and cost estimates for the child care programs in 2014-15.

*Submitted by Carole Stein and Liz Russell, LWVPA Education Committee co-chairs. Carole Stein is also a member of the LWVC Education Committee.*

## New Voices for Youth - NV4Y

Here’s what’s going on in NV4Y this Spring.

Rafael Avendano, Program Director of the Siena Youth Center, contributed an article about the **NV4Y**

**January screening** to the North Fair Oaks Community website, <http://infoforward.org/community-news/new-voices-youth-north-fair-oaks-short-films>. These are links to the videos that were shown at the screening.

Rafael, along with Ana Angel who directs the NV4Y program at Siena, took the NV4Y students to The Lego Movie and were surprised that several students had not been to a movie theater.

At Menlo-Atherton High School, NV4Y is collaborating with YCS-YLAC's program. Students have decided to **focus on foster youth**. Working with NV, students have begun to think more about the questions they have about foster youth, the process, the organizations, the system, etc. Students are really interested in exploring the life of foster youth and breaking down the stereotypes associated with being a foster youth. Students have also begun learning about the film production process and interviewing techniques. Ana is getting help this semester from M-A NV4Y alumna Nimsi Garcia! Nimsi has been a great mentor to the students so far; they are inspired by her work and excited to learn how to make a film like hers!

We are still waiting to learn about our grant applications to the Palo Alto Community Foundation, the Palo Alto Weekly’s Holiday Fund, the Woman’s Club of Palo Alto and the YWCA Endowment Fund. We were pleased that we have received a PTA Mini-Grant from M-A. The grant is modest but we appreciate being recognized for a second year by the PTA.

Contact **Veronica Tincher** if you are interested in joining the NV4Y steering committee.

*Submitted by Sheila Botein, LWV South San Mateo County and member of the NV4Y steering committee.*

## Housing and Transportation Committee

The Housing and Transportation Committee will have a busy year. Doris Petersen will be attending the meetings of the Community Panel formed by the City to provide input on the **Housing Element for 2015-2023**. We will also continue to follow the parts of the Palo Alto planning process that affect our issues. These include **TDM (transportation demand management)** and the long-term fate of **PC zoning**.

Our next meeting is on **Monday, March 17, first floor conference room, League office building, at 4:30 pm**. Please email **Jeff Rensch** at [jrensch@gmail.com](mailto:jrensch@gmail.com) if you would like to attend. You are most welcome!

# THANK YOU!

Thanks to all the board and off-board members who reviewed this *VOTER* and a special thanks to **Ellen Forbes** and **Betty Gerard** for their extra careful and invaluable proofreading.

*Submitted by Bonnie Packer, VOTER editor*

## Welcome, New Members!

**Hillary Gitelman  
Stacey Ashlund  
Megan Fluke Medeiros**

**We are so glad you have joined the League!**

## Moderator Training Workshop

The Leagues of Santa Clara County held an informative Moderator Training Workshop on Saturday, February 8. Attending from LWVPA were **Phyllis Cassel, Mary Jo Levy, Trina Lovercheck** and **Mary Alice Thornton**. We were reminded that the **primary mission of the League is to provide unbiased education so voters are prepared for voting**. The presentation included an overview of the moderator's role in a forum, being prepared, knowing your responsibilities, being professional, going over the ground rules and using a moderator's script. We really enjoyed and learned lots from the **mock forum** where some in the audience were "acting out" and causing disruptions by holding up signs for a candidate, asking questions out of turn, complaining about how the forum was being managed, and the like.

*Trina Lovercheck, Voter Service Director*

## All are invited to the LWVPA Book Club!

The next selection is

### **Bill Bryson's "One Summer: America, 1927"**

-- a journey back to an amazing season when Charles Lindbergh became a worldwide hero and Babe Ruth was tearing up batting records.

The meeting will be at the home of Ursula Moore, on **Friday, March 14, at 10 am. All are welcome.** Please RSVP to Ursula Moore.

Please call **Betty Gerard** for more information.

**It's easy to join the LWVPA—Do it now! You will be glad you did.**

**Joining at the local level makes you a member at all levels:**

**National, State, Bay Area and Palo Alto.**

**Men are encouraged to join. Dues grants are available.**

**For more information, call the League office (650) 903-0600.**
